ACKNOWLEDGEMENTS

The *2010-2011 Directory of Mendocino County Schools and Colleges* is a product of the collaboration between the Mendocino County Office of Education (MCOE) and each school district and college in the county.

The personnel information in this *Directory* has been generated from a database housed on the Mendocino County Office of Education (MCOE) website and can be accessed via the Internet at <http://www.mcoe.us>. This database, which is maintained by each contributing agency, also allows for an online lookup of any educational employee in the county.

Individual email addresses, if one has been assigned to the employee and noted in the database, may be looked up online via the “Looking for someone?” link located at the top-left corner of the MCOE website.

Many sincere thanks to the following individuals for their time, patience and tenacity making this technology work to generate this online *Directory*.

GENERAL INFORMATION ABOUT MENDOCINO COUNTY

Located in the northwest part of California, Mendocino County's population of 86,265 enjoys one of the most diverse and scenic landscapes in the state. For those who enjoy cooler climates, there are the imposing redwood forests or the sea-cooled coastal communities perched along striking beaches. The inland portions of the county offer lush agricultural valleys with a climate that offers a little of everything — occasional snows in winter, a few hot spells in the summer, and fabulous spring and fall weather.

The county seat is located in Ukiah, whose name is derived from the Native American word for “deep valley,” and has the largest concentration of population in the county. Its vineyards and orchards are surrounded by green covered hills.

All city services and offices are centrally located in what was once the Yokayo School, which has been renovated to blend historical form with modern function. Many buildings in the downtown area have also been restored or renovated to reflect the original architecture.

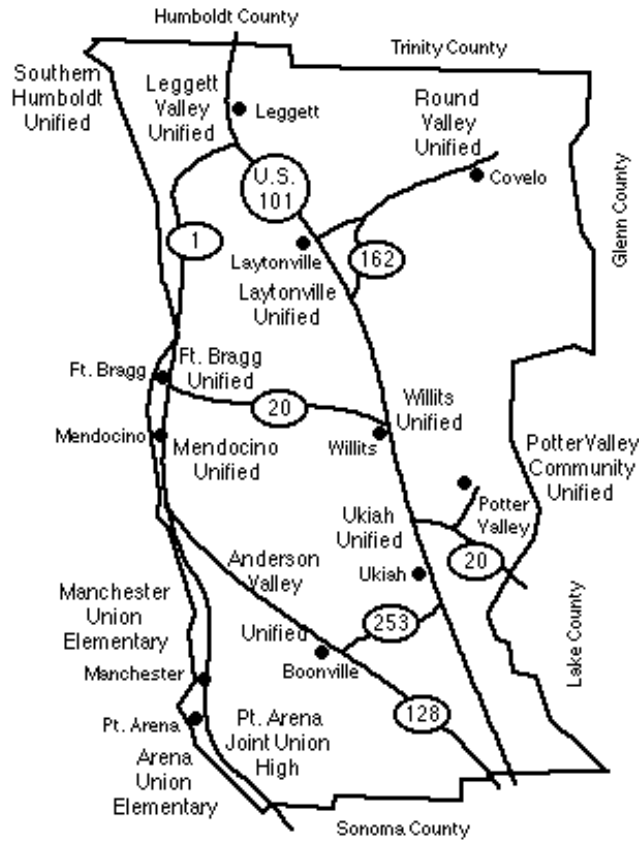

The Mendocino County Office of Education (MCOE) is located amidst vineyards on the outskirts of Ukiah. MCOE services are provided to support the county's ninety-six (96) schools/educational programs. These include services to administrative and teaching staff, as well as direct services to students.

For more information on education within the county, please call (707) 467-5000.

--	---

The Mendocino County Office of Education is a public agency whose primary purpose is to provide educational leadership, resources and services to schools to ensure wide-ranging educational opportunities for all students. This mission is accomplished through cooperative efforts with teachers, school districts, families, and communities; through direct instructional programs and administrative services; and through coordination with the California Department of Education and other agencies.

“MCOE leads in quality educational services for student success ... now and in the future.”

~ Paul A. Tichinin, Superintendent
